*Over 50 Years Supporting the Positive Development of Young Children*

Join Rochester AEYC for our year-long series on...  
**GROWING MINDS - HOW A CHILD'S BRAIN DEVELOPS**  
(Check the website and newsletter for future programs in this series)

## Building Brain Power: Executive Function & Preschoolers

Wednesday, Oct 21, 2015

**Program 6-7:30**

Location: Al Sigl Center, 1000 Elmwood, GYM  
DOOR #1

**Presenter: Kathleen Hursh**

Teachers and caregivers should learn about executive function (EF) brain processes and how to provide opportunities for children to strengthen their EF skills. Focusing on EF skills as part of your curriculum will support children's readiness for school and life. In this session we will learn about EF skills and classroom activities and practices that support children's development and learning. OCFS #1 and #3

Participants will receive **1.5** training hours toward NYS licensing requirements.

No Pre-Registration is Required – just come.

**\$15 fee for non-Rochester AEYC members**

**FREE for Rochester AEYC members**
